M AFIFUDIN ABDULLAH

+62822646166700 | work.afifudin@gmail.com | linkedin.com/afifudin | afifcodes.vercel.app
Nganjuk, East Java

I have over 3 years of experience in Front-End Development, 1+ year of experience in Mobile Development using Flutter, and 4+ years of coding experience in general. Additionally, I possess basic knowledge of UI/UX Design using Figma. I am also interested in Full-Stack Development using Next.js, and I have experience using it for my Front-End projects. However, my current focus is on Mobile Development using Flutter. I am currently a Computer Science student at Trunojoyo Madura University and have been working part-time as a Freelancer.

Education Level

Trunojoyo Madura University - Madura, East Java   Aug 2019 - Feb 2024 (Expected)

Undergraduate in Computer Science, 3.50/4.00

- Engaged in research with the professor related to COVID-19 detection.
- Involved in research with the professor related to corn leaf disease detection.
- I'm not actively participating in competitions but am focused on developing my soft skills and building relationships by joining organizations.

Work Experiences

Freelance - Remote   Aug 2022 - Present

Web, Desktop, and Mobile Developer

- Collaborate with lecturers' research on Covid-19 detection to develop elegant web, desktop, and mobile applications named "Unvolds", tailored for use by radiologists.
- Engaging in partnerships with universities, as well as collaborating with BackEnd and UI/UX designers, to craft an exclusive travel application named "Lenjhelenan", dedicated to Madura Island.
- Collaborate with lecturers' research on corn leaves disease detection to develop mobile applications named "Dovtron".
- Creating a web application named "LabTI" for laboratory information, borrowing, and automated email borrowing management.
